Learning Opportunity

Teachers can ask questions and get advice on their previous learning and next steps to Build Understanding of Whole Number and Fractions at their individual grade levels.

Presenters

Ulana Soletsky

Ulana Soletsky is a highly experienced mathematics and numeracy specialist, facilitating professional learning sessions for the Consortium since 2006. With a teaching career spanning over 26 years in Junior High mathematics, and consultant roles with Greater St. Albert Catholic Schools and the Consortium, she brings a wealth of expertise. Ulana has collaborated extensively with Pearson Publishers, acting as a First Steps in Math Facilitator and a reviewer/professional development provider for resources like Mathology and Math Progressions K-9. Her current focus includes collaborating and advising on the development of a Grade 1-10 Math Assessment. Ulana is a strong advocate for a cooperative, student-centered classroom, driven by her objective to ensure all students and staff comprehend, value, and confidently apply mathematics in their daily lives.
