Learning Opportunity

What does it mean to have a "shared mindset via a common thread" as we facilitate our students' journey down the road to French proficiency? Steven Langlois (ÉTIENNE) will answer this fundamental question and many of the questions posted by attendees across Alberta during our March PD. Previous attendance not necessary for this online meet. Attendees will leave with refreshed minds and full hands (attendees receive free resources) and a session ending Kahoot for prizes. Target audience: French teachers FSL/FI/FFL grades 3-12.

Virtual Door Prize available to those that attend the session.
