Learning Opportunity

This online session for teachers and will address PAT exam blueprinting for Gr. 6 & 9 Science. The content will introduce the connection to how to apply this information in planning for: classroom instruction, blueprinting exams, and supporting work around developing common assessments. This session may include grade/subject specific breakouts when necessary.

Presenters

Tim Coates

Tim Coates is currently an educational consultant, and a sessional lecturer at the University of Alberta. Tim served as the director of the Diploma Examinations Branch at Alberta Education after serving as a Diploma Examination manager. During his time at Alberta Education, he also developed high-school social studies curriculum, and was the Director of the Classroom Assessment Capacity initiative. Tim has presented across Alberta in the United States, Mexico, and China.
